

NOTEPAD FOR WEB BROWSER

5 ABSTRACT OF THE DISCLOSURE

The invention provides a method of saving selected portions of a Web page to a client local storage. A user will select a portion of a Web page. The selected text data, image data, and site link data will be stored to the client local storage. The relevant date information will be determined from the Web browser.

10 This date information will be linked to the stored portion of the Web page.
